2014

Impression 5 Scouts

DOWNTOWN LANSING

200 Museum Dr. Lansing, MI 48933 **impression5.org** *P. (517) 485-8116 Ext. 132 F. (517) 485-8125*

Join in on a workshop to learn new science concepts and earn your next badge, belt loop, or pin!
Program Pricing: ***$16/scout.*** Special Program Pricing: ***$30/scout.*** Chaperones: ***FREE.***

BOY SCOUTS PROGRAMS

Time: 12:30 p.m. - 4:30 p.m.
Fee: $16/scout, chaperones free.
Includes: journal, snack, and admission.
Badges, belt loops, and pins should be purchased separately from your council.

- **February 1:** Cub Scouts Science Belt Loop.
  What is science all about? Find out as you explore biology, chemistry, and physics!
- **March 8:** Webelos Science Activity Badge.
  Why do things move and look like they do? Explore physics deeper to find the consequences of water and air pressure, and more!

GIRL SCOUTS PROGRAMS

Time: 12:30 p.m. - 4:30 p.m.
Fee: $16/scout, chaperones free.
Includes: journal, snack, badge & admission.

- **February 22:** Brownies Home Scientist.
  Play, mix, and throw sparks as you experiment with science! You'll discover science has been hiding right under your nose – in your own home!
- **April 19:** Juniors Detective.
  Solve a mystery using your scientific detective skills of observation and interpretation!

SPECIAL GIRL PROGRAMS

Time: 10:00 a.m. - 3:00 p.m.
Fee: $30/scout, chaperones free.
Includes: journal, badge, and admission.
Brownies WOW lunch is included.

- **May 3:** Wow! Wonders of Water.
  Earn the SAVE Water portion of the Wonders of Water journey as we get our hands dirty cleaning up the Grand River! Then turn to the science center to explore the importance of clean water with some truly yummy activities.

EVENTS OF INTEREST

- **Chemistry Day:** October 26, 2013
- **PhUn Day:** November 9, 2013
- **Recycled Art Day:** January 11, 2014
- **LEGOPalooza:** March 22 & 23, 2014
- **Nano Day:** March 29, 2014
- **Adopt-a-River:** May 3, 2014

OVERNIGHT ADVENTURE

Take over the Science Center at night and make your visit even more memorable! Choose any 3 interactive workshops and explore science at night...

Fee: $30.00/student, chaperones free.

Workshops:

- Biospheres: *Each student will take home their own biosphere!*
- Circuit Builders: *Experiment with Snap Circuits, alter the path of an electron, discover power sources, and more!*
- Force & Motion: *Experiment with force and motion with a fun challenge.*
- Light: *Explore the fascinating world of light in this mesmerizing workshop!*
- Magnets: *Levitate discs and move objects without touching them using magnets!*
- Slime: *Create a chemical reaction and make your own ooey, gooey bag of slime to take home!*
- Static Electricity: *Observe the powerful effects of static electricity in this hair-raising experience.*

Preschool Workshops:

- Bugs! Bugs! Bugs!: *Explore the science of bugs that fly, scurry, and jump around us!*
- Fossils: *Unearth the mystery of plants and animals from long ago!*
- Senses: *Smell without sight, and see what you can't hear with sensational hands-on activities!*

Registration Information

Registration required. Space limited! Call (517) 485-8116 Ext. 132 or go online (impression5.org) to register.
